22-
23

Un catalogo di maniglie
di alta qualità sviluppate
grazie a ricerca, creatività,
esperienza: valori che
da sempre accompagnano
Dnd e le sue collezioni.

A catalogue of high quality
handles developed thanks
to research, creativity and
experience: values
that have always
accompanied Dnd and its
collections.

dnd

**handles
with care**

**22-
23**

Maniglie che sono frutto di **cura, attenzione, passione.**

Dnd mette la sua sapienza produttiva al servizio della migliore creatività, coinvolgendo nello sviluppo delle collezioni **progettisti di valore** per focalizzare l'attenzione verso il mondo del design, arricchire la gamma dei prodotti e soddisfare al meglio la progettazione degli interni contemporanei.

*Handles that are the result of **care, attention and passion.***

*Dnd puts its manufacturing expertise at the service of the most brilliant creativity, collaborating with **outstanding designers** to develop collections that shine a light on the world of design, enrich its range of products and fully satisfy the needs of contemporary interior design.*

azienda / company

Oggi Dnd è un punto di riferimento internazionale per la produzione di **maniglie che guardano alla qualità e al progetto.**

La storia di Dnd nasce oltre cinquant'anni fa, nel 1968, dall'**antica e spiccata dedizione artigianale e industriale** diffusa nella Val Sabbia, in provincia di Brescia: un territorio con un sapere materiale centenario, soprattutto a vocazione siderurgica. Nel tempo, l'azienda si è evoluta e si è concentrata sullo sviluppo e sull'incremento della produzione, rinnovando i processi produttivi e **specializzandosi nella lavorazione e nella rifinitura dei diversi metalli** destinati alla produzione delle maniglie, come la zama e l'alluminio, oltre naturalmente all'ottone.

*Today, Dnd is an international reference point for the production of **handles with a focus on high quality and good design.***

*The history of Dnd began more than fifty years ago, in 1968, arising from the **ancient and strong craft and industrial dedication** which has its strong roots in Val Sabbia, in the province of Brescia. This is an area with centuries of material knowledge, especially in the steel industry. The firm has evolved over time, concentrating on production growth, updating manufacturing processes and **specializing in the use and finishing of various metals** for the production of handles, including zamak and aluminium as well as brass.*

Dnd è diretta da Vilma Martinelli insieme ai figli Pietro e Simona: immaginano Dnd come **una fucina di idee in grado di coniugare la lunga esperienza produttiva** acquisita con la **creatività degli architetti e dei designer** di valore che vengono puntualmente coinvolti nel disegno dei prodotti.

Dal 2017, Dnd ha scelto **Giulio Iacchetti come direttore artistico**: un designer industriale di grande talento, impegnato nello sviluppo del catalogo, nella strategia, nella selezione dei progettisti e dei consulenti da coinvolgere.

*Dnd is managed by Vilma Martinelli together with her son Pietro and daughter Simona: they see the company as **a forge of ideas able to combine the long manufacturing experience** gathered over time with the **creativity of valuable architects and designers** who are duly involved in the design of the products.*

*Since 2017, Dnd appointed **Giulio Iacchetti as its art director**: a very talented industrial designer, involved in the development of the catalogue, the strategy, the selection of designers and consultants to be involved.*

**Azienda con
certificazione
sistema di qualità
UNI EN ISO 9001**

- Progettazione ottimizzata
- Costante formazione delle risorse umane
- Ambiente di lavoro controllato
- Produzione tecnologicamente avanzata
- Monitoraggio instancabile

***A company with
UNI EN ISO 9001
quality system

- *Technologically advanced production*
- *Continuous monitoring*

responsabilità / *responsibility*

Dnd è felice di promuovere ogni giorno azioni e processi attenti all'ambiente e si impegna in diversi progetti legati alla sostenibilità al fine di migliorare la salute del luogo di lavoro e sviluppare un senso di responsabilità, come strategia e come scelta.

Dnd is happy to promote environmentally friendly actions and processes every day, and is involved in a number of sustainability-related projects to improve health in the workplace and develop a sense of responsibility, as a strategy and as a choice.

WeForest

Compensiamo il consumo di carburante dei nostri automezzi e delle nostre autovetture con il rimboscamento nella regione del Katanino, in Zambia.

We offset the fuel consumption of our vehicles and cars with reforestation in the Katanino region of Zambia.

Stampa a freddo / Cold printing

Abbiamo sostituito il nostro sistema di stampa con i prodotti Epson Inkjet per la stampa a freddo, che riducono i costi e i consumi energetici fino all'83% rispetto alle stampanti laser.

We have replaced our printing system with Epson Inkjet cold printing products, which reduce costs and energy consumption by up to 83% compared to laser printers.

100% GREEN A2A

Certificazione della Camera di Commercio di Brescia che garantisce l'impiego di energia derivante da fonti 100% rinnovabili.

Certification from the Brescia Chamber of Commerce guaranteeing the use of energy from 100% renewable sources.

FSC®

Utilizziamo il minor quantitativo di carta possibile: abbiamo ridotto del 50% il consumo e scegliamo per i nostri listini e cataloghi solo carta certificata FSC®

We use as little paper as possible: we have reduced our paper consumption by 50% and choose only FSC®-certified paper for our price lists and catalogues.

made in italy

Produrre maniglie di qualità e **completamente Made in Italy da oltre cinquant'anni**: una scelta strategica di lunga data che si fonda sui valori della cultura aziendale italiana e sul profondo legame che Dnd ha nei confronti del suo territorio e del suo distretto, la Valle Sabbia.

Dnd è Made in Italy con l'orgoglio di realizzare prodotti grazie al **sapere**, alla **ricerca**, allo **stile** e alla **cura** che oggetti di piccole dimensioni – come le maniglie – richiedono.

L'eccellenza e il valore del design italiano si fondano da sempre sullo sviluppare, lavorare, rifinire e collaudare in Italia: passaggi importanti a tutela di prodotti di qualità.

Dalla creatività ai materiali, dal disegno al progetto, dalla produzione alle finiture, maniglie che sono da sempre fatte in Italia e fatte di Italia per entrare nelle case più belle e accoglienti, per caratterizzare **progetti architettonici di pregio** e per soddisfare al meglio le personalizzazioni del mondo contract, in Italia e nel mondo.

*To produce high-quality handles, **completely Made in Italy, for over fifty years**: a long-term strategy based on the values of an Italian corporate culture and the deep bond between Dnd and Valle Sabbia, its district and its territory.*

*Dnd is Made in Italy with pride, to create products thanks to **know-how, research, style, and all the care** that has to go into objects of small size such as handles. The excellence and value of Italian design are constants in the development, workmanship and testing, all done in Italy: important phases to guarantee products of the highest quality.*

*From creativity to materials, the drawing to the project, the production to the finishing, handles that are always made in Italy and made of Italy, to enter the most beautiful, appealing homes, to enhance **outstanding works of architecture**, to offer an optimal response to needs of customization in the contract sector, in Italy and the world.*

L'architettura per le mani *Handling architecture*

Coinvolgere degli architetti, che non si erano mai – o poco – occupati di design, per progettare una maniglia: questa la sfida immaginata da Dnd insieme a Giulio Iacchetti, proposta a **cinque studi** di origine italiana e molto attivi a livello internazionale che con entusiasmo hanno risposto all'appello. **Stefano Boeri Architetti, Alfonso Femia, Maurizio Varratta, Cino Zucchi** e **967arch** hanno progettato cinque maniglie, presentate durante la Design Week milanese e poi entrate con successo in catalogo. *L'architettura per le mani* è il titolo del progetto: una riflessione intorno all'oggetto maniglia, che necessita sempre di essere fissato nello spazio con nuovi canoni estetici e nuovi equilibri formali.

Involving architects who had never – or seldom – focused on product design, inviting them to create a handle: this was the challenge formulated by Dnd together with Giulio Iacchetti and suggested to five architecture firms with an Italian background very active on an international level, who enthusiastically responded to the call. **Stefano Boeri Architetti, Alfonso Femia, Maurizio Varratta, Cino Zucchi** and **967arch** designed five handles, which were presented during the Milan Design Week and then successfully entered in the catalogue. *Handling architecture* is the title of the project: a reflection around the handle object, which always needs to be fixed in space with new aesthetic canons and new formal balances.

Design focus

Per disegnare maniglie in cui siano evidenti la ricerca e la qualità del progetto, Dnd si impegna a collaborare con **progettisti di talento** su scala internazionale. Con continuità e attenzione, insieme al direttore artistico, vengono selezionati i designer a cui affidare i progetti destinati ad arricchire le collezioni Dnd: voci dal **miglior mondo del progetto**, vicine all'abitare contemporaneo.

*In order to design handles in which research and design quality are highlighted, Dnd is committed to working with **talented designers** on an international scale. With continuity and care, together with the artistic director, designers are selected to be entrusted with projects destined to enrich the Dnd collections: voices from **the best world of design**, close to contemporary living.*

I prodotti sviluppati dai designer che collaborano con la cucina creativa Dnd sono sempre più numerosi: un **processo di crescita che è strategico e produttivo**.

I progettisti coinvolti sono sia giovani sia di lunga e riconosciuta esperienza: con linguaggi diversi, i designer si misurano con interesse e coinvolgimento con lo studio e lo sviluppo delle maniglie. La volontà di Dnd è di allargare il suo sguardo e accogliere idee e sfide sempre nuove.

*The products developed by the designers who collaborate with the Dnd creative forge are increasingly numerous: a **growth process that is both strategic and productive**.*

The designers involved are both young and with long and recognised experience: with different languages, the designers challenge themselves with interest and involvement in the study and development of the handles. Dnd wants to broaden its horizons and welcome new ideas and challenges.

Dnd ha scelto di lavorare con la **qualità, valore intrinseco del buon design.**

Una qualità diffusa e applicata a tutti i processi e le espressioni dell'azienda: dall'immagine coordinata al disegno delle maniglie, dalla produzione alla comunicazione e all'esposizione dei prodotti stessi.

Questa scelta è un fatto culturale e un percorso, in evoluzione e in crescita, che ha portato all'azienda **riconoscimenti importanti dal mondo del progetto:** un mondo di riferimento con cui Dnd si misura con impegno e positiva dinamicità.

*Dnd has chosen to work with **quality, an intrinsic value of good design.** A quality that is widespread and applied to all the processes and expressions of the company: from corporate identity to the design of the handles, from production to communication and the display of the products.*

*This choice is a cultural factor and a path, evolving and growing, which has brought the company **important recognition from the world of design:** a world of reference with which Dnd challenge itself with commitment and positive dynamism.*

Unico

Il sistema Unico / Unico, the system

U

Unico è il nuovo sistema per porte – ideato da Dnd – che riduce al minimo l'impatto visivo della rosetta sulla maniglia, valorizzandone così il design: una soluzione tecnica ed estetica ideale per gli ambienti contemporanei.

Grazie al suo piccolo volume, risulta poco visibile: misura solo 30 mm di diametro e 2 mm di spessore.

Il sistema, proposto in forma rotonda, è facile da installare e prevede la realizzazione di un foro da 22 mm sulla porta.

Unico is the new system for doors – designed by Dnd – that minimises the visual impact of the rose on the handle, thus enhancing its design: a technical and aesthetic solution that is ideal for contemporary interiors.

Thanks to its small volume, it is hardly visible: it measures only 30 mm in diameter and 2 mm in thickness.

The system, which comes in a round shape, is easy to install and requires a 22 mm hole to be drilled in the door.

Sistema Less is fine 4 mm / Less is fine system 4 mm

FINE

FINE

Porta / Door

Il sistema Less is fine – di soli 4 mm – nasce grazie alle nuove tendenze dell'architettura. In soli 4 mm si trova la rosetta metallica con con molla uni-direzionale destra o sinistra – a compressione –, la quale permette un'installazione senza lavorazioni aggiuntive sulla porta. Brevetto Dnd.

The Less is fine system has a thickness of just 4 mm. It has been developed in tune with the latest design trends. A patented uni-directional left or right spring-loaded metal backplate facilitates installation. Dnd patent.

Sistema VIS 7 mm / VIS 7 mm system

VIS

VIS

Porta / Door

Componenti realizzati in nylon PA6 con molla uni-direzionale destra o sinistra. Rosette con diametro 50 mm e spessore 7 mm. Fori per fissaggio legno e interasse 38 mm per viti a connessione con o senza bussole.

Il sistema e la molla interna sono stati testati e certificati dal Laboratorio AQM - Cert.2012-1000/PPE, in base all normativa UNI EN 1906.

The parts are made with PA6 nylon, with uni-directional left or right spring. The backplate has a diameter of 50 mm and a thickness of 7 mm. Holes for attachment to wood, 38 mm centering, with or without connector nuts.

The inner spring and system are certified by AQM - Cert.2012-1000/Ppe in keeping with UNI EN 1906 standards.

Test di tenuta e usura dei componenti meccanici. Simulazione di apertura e chiusura oltre 200.000 cicli.

Categoria d'uso Grado 3: alta frequenza d'uso da parte del pubblico o scarsa cura; alte

probabilità d'uso improprio.

Durabilità Grado 7: frequenza d'uso elevata 200.000 cicli.

Azionamento Tipo B, serrature caricate a molla.

Mechanical components wear and tear test.

Opening and closing simulation to more than 200.000 cycles.

Category of use Grade 3: High frequenc of use by the public or others with little incentive to

exercise care and with a high chance of misuse.

Durability Grade 7: high frequency of use 200.000 cycles.

Type of operation B spring-loaded furniture.

Sistema 52 - 10 mm / 52 - 10 mm system

52

Porta / Door

Componenti realizzati in metallo con molla bi-direzionale destra/sinistra.
Rosette con diametro 52 mm e spessore 10 mm. Fori per fissaggio legno e interasse 38 mm per viti a connessione con o senza bussole.

*The parts are in metal, with bi-directional left/right spring.
The backplates have a diameter of 52 mm and a thickness of 10 mm. Holes for attachment to wood, 38 mm centering, with or without connector nuts.*

Componenti tecnici / Technical components

Less is fine

VIS

VIS

52

DK VIS 9 mm

DK VIS TS 9 mm

Finestra / Window

Il DK VIS nasce dall'esigenza di ottenere un sistema esteticamente combinato con il sistema VIS per porta.

Le componenti tecniche restano così più discrete e lasciano pieno spazio al design della maniglia. Un meccanismo facile e veloce da montare, senza la necessità di lavorazioni sul serramento.

DK VIS is the result of the need for aesthetic coordination with the VIS system for doors. The technical components remain more discreet to offer greater freedom in the design of the handle. The mechanism is easy and quick to assemble.

Il DK anti intrusione con pulsante di sicurezza.

Sempre in 9 mm, sempre senza lavorazioni. Studiato appositamente per evitare che, forando il serramento dall'esterno, sia possibile azionare il meccanismo. TSDK non richiede lavorazioni e può essere installato anche in sostituzione a modelli precedenti. Inoltre è configurabile con tutti i modelli a catalogo.

The DK anti-intrusion model with security latch.

Still with a thickness of 9 mm, without the need for complicated installation operations. Specially designed to avoid the possibility of opening by drilling from the outside. TSDK does not require machining and can also be installed in place of previous models. It can also be coordinated with all the models in the catalogue.

forte®

PVD, alta qualità nella tecnologia del rivestimento

forte® è il termine coniato da Dnd per identificare e dare enfasi alla speciale finitura per maniglie che si ottiene grazie alla tecnologia di rivestimento PVD.

Acronimo di **Physical Vapour Deposition**, PVD è una tecnologia di rivestimento per prodotti di alta qualità dalle eccellenti caratteristiche chimiche e tecniche, quali alta durezza, resistenza all'abrasione, ai graffi e alla corrosione.

Un rivestimento che è **perfettamente sostenibile**, a impatto ambientale ridotto e **ipoallergenico**.

PVD: high quality in coating technology

forte® is the term coined by Dnd to identify and emphasise the special finish for handles that is achieved thanks to PVD coating technology.

An acronym for **Physical Vapour Deposition**, PVD is a coating technology for high quality products with excellent chemical and technical characteristics, such as high hardness, resistance to abrasion, scratching and corrosion.

A coating that is **perfectly sustainable**, with low environmental impact and it is **hypoallergenic**.

PVD-BG | forte® Oro antico lucido / *Antique bright gold*

PVD-BG | forte®
Oro antico lucido.

Il colore dell'ottone proposto in una tonalità più calda: per un segno brillante e luminoso, dal fascino intramontabile.
Finitura garantita 20 anni.

PVD-BG | forte®
Antique bright gold.

*The color of brass in a warmer tone: for a bright, luminous presence of timeless charm.
Finish guaranteed for 20 years.*

madeleine
Inga Sempé

forte®

PVD-SG | forte® Oro antico satinato / *Antique satin gold*

PVD-SG | forte®
Oro antico satinato.

Solido, raffinato e senza tempo, un tono dell'ottone in grado di valorizzare al meglio sia ambienti dal sapore di un tempo, sia interni dal disegno minimale. Finitura garantita 20 anni.

PVD-SG | forte®
Antique satin gold.

Solid, refined and timeless, a tone of brass that is at its best in settings with the spirit of bygone days, but also in contexts of minimalist design. Finish guaranteed for 20 years.

Philippe Tabet

Nato e cresciuto in Francia, a Versailles, ha studiato design industriale a Lione e Parigi. Vive a Milano, dove dal 2014 ha sede il suo studio di progettazione e dove insegna presso Domus Academy e Naba. Collabora con aziende rinomate quali Pianca, Lexon, Infiniti Design e Plust e al contempo sviluppa un suo percorso artigianale, con processi e risultati che esplorano materiali e tecniche di lavorazione – come per la serie di maschere Order. Ha vinto il premio Infiniti Design nel 2014 e Young&Design nel 2017; ha ottenuto il Good Design Award nel 2018.

Born and raised in Versailles, France, he studied industrial design in Lyon and Paris. He now lives in Milan, where he established his design firm in 2014 and where he teaches at Domus Academy and Naba. He collaborates with renowned companies such as Pianca, Lexon, Infiniti Design and Plust, whilst at the same time following his own path as a craftsman, with processes and results that are explorations of materials and techniques, as can be seen from Order, his series of masks. He won the Infiniti Design award in 2014 and the Young&Design award in 2017, before garnering the Good Design Award in 2018.

Sottili scanalature per l'impugnatura, in omaggio allo stile ionico; e un modellato morbido ma rigoroso per lo stelo: una maniglia che guarda agli stili della storia, in equilibrio tra antica Grecia e Rinascimento.

Subtle grooves in the handle, redolent of the Ionic style, along with a soft yet rigorous shape for the stem: a handle that draws upon styles from throughout history, carefully balanced between Ancient Greece and the Renaissance.

Cino Zucchi

Nato a Milano, Cino Zucchi si è laureato in architettura al M.I.T. di Boston e al Politecnico di Milano. Autore di articoli e libri di teoria architettonica e urbana, ha partecipato a varie edizioni della Triennale di Milano e della Biennale di Architettura di Venezia. Insieme allo studio CZA ha progettato e realizzato molti progetti: tra i più noti, quelli della ex Junghans a Venezia, dell'ex Alfa Romeo - Portello Nord e della Corte Verde a Milano; il master plan per Keski Pasila a Helsinki, la nuova sede Lavazza (TO), gli HQ Salewa (BZ).

Born in Milan, Cino Zucchi has earned degrees in Architectural Design at M.I.T. and at Politecnico di Milano. Author of several articles and books on architectural and urban theory, he has taken part in various editions of the Milan Triennale and of the Venice Biennale of Architecture. With his studio CZA, he has designed and completed a number of projects, including the former Junghans factory site in Venice; the former Alfa Romeo-Portello Nord area and the Corte Verde in Milan; the Keski-Pasila master plan in Helsinki; the Lavazza HQ (TO); and the Salewa HQ (BZ).

blend

Una maniglia nata dalla volontà di combinare forme elementari, cilindro e rettangolo, nella ricerca di un equilibrio complessivo ma soprattutto di una immediata e percettiva iconicità.

A handle based on the urge to combine basic forms, a cylinder and a rectangle, in pursuit of an overall balance and above all an immediate perceptive impact.

967arch

Fondato a Milano nel 1999 da Cesare Chichi e Stefano Maestri, lo studio 967arch affianca all'attività di progettazione architettonica e di interior quella di design del prodotto in un continuo passaggio di influenze, sperimentazioni e contaminazioni. Il team ha affrontato progetti su scale differenti, con un focus particolare per le sedi e gli uffici di aziende tra cui Google, Petronas, WPP, Cisco e Ferrero. I progetti di design vedono collaborazioni con aziende come Poltrona Frau, Davide Groppi, Dieffebi, GE Giussani, MDF Italia, Zumtobel e Las Mobili.

Founded in Milan in 1999 by Cesare Chichi and Stefano Maestri, the firm 967arch combines activities of architectural and interior design with work on products, in a continuous exchange of influences, experimentation and contamination. The team has tackled projects on many different scales, with a particular focus on headquarters and offices for companies like Google, Petronas, WPP, Cisco and Ferrero. The projects of product design include collaborations with companies like Poltrona Frau, Davide Groppi, Dieffebi, GE Giussani, MDF Italia, Zumtobel and Las Mobili.

viva!

Una maniglia che nasce dalla fusione dei fondamentali aspetti ergonomici con la sobrietà dell'impatto visivo. Viva! presenta un aspetto diverso a seconda del punto di osservazione, con tratti lineari o morbidi e sinuosi a caratterizzarla.

A handle based on the fusion of fundamental ergonomic aspects with understated visual impact. Viva! looks different from various vantage points, with linear or soft, sinuous features.

Vive e lavora tra Milano e Paestum, la città da cui proviene. Si è laureato in Industrial Design allo IUAV / Università della Repubblica di San Marino nel 2011 e dal 2015 ha disegnato per diversi marchi, tra cui Alessi, Internoitaliano e Moleskine. Dal 2015 è art director di Paestum Experience, un progetto di branding da lui fondato che mira alla promozione e alla comunicazione della città di Capaccio Paestum.

He lives and works between Milan and Paestum, his hometown. He graduated in Industrial Design at the IUAV / Università della Repubblica di San Marino in 2011. Since 2015 he has designed for some brands including Alessi, Internoitaliano and Moleskine.

He has been art director of Paestum Experience since 2015, a branding project he founded that aims to promote and communicate the city of Capaccio Paestum.

Alessandro Stabile

Originario di Milano, è uno dei dieci "Top Young Italian Industrial Designers" selezionati dall'Istituto Italiano di Cultura di New York nel 2013.

Nel 2011 ha fondato il suo studio ed è specializzato in product design e direzione artistica.

Nel 2016 due suoi progetti hanno vinto il primo e il secondo premio Young&Design come i due migliori prodotti presentati alla Milano Design Week da un under 35. Disegna per diversi brand tra cui Moleskine, Alessi, Ferrero Nutella.

Originally from Milan, he is one of the ten "Top Young Italian Industrial Designers" selected by the Italian Cultural Institute in New York in 2013.

In 2011 he founded his design studio specialising in product design and artistic direction.

In 2016 two of his ideas won the first and the second prizes of the Young&Design Award, as the best projects of Milan Design Week from an under 35. He designs for different brands such as Moleskine, Alessi, Ferrero Nutella.

cloe

Un triangolo scolpito e rigoroso, geometrie nitide per una maniglia dedicata ad ambienti minimali ed essenziali.

A rigorously sculpted triangle, a clear geometric form in a handle designed for essential, minimal spaces.

cloe

fluke

Una forma dinamica che nasce dall'incontro di due volumi troncoconici contrapposti: il segno forte di un design riconoscibile e riconosciuto.

A dynamic form that arises from the meeting of two opposing cones: the vivid impact of a recognizable design.

luce P NEW

Una leva dalle geometrie solide e pulite, disegnate e costruite con attenzione intorno a un angolo di 90 gradi. Presa ergonomica e appeal contemporaneo, con la luce che enfatizza i profili.

A lever with solid, clean geometries, carefully designed and constructed around a 90-degree angle. Ergonomic grip and contemporary appeal, with light emphasising the profiles.

luce

La maniglia come fatto scultoreo, dove la luce evidenzia morbidezze e taglia i volumi in modo netto per restituirci l'idea stessa di un concetto plastico fuori dal tempo.

The handle as sculpture, where light brings out softness and volumes with clarity, conveying the idea of a timeless shaped object.
